OVERVIEW

The Segue Institute for Learning is a public charter school district established in 2009.

Enrollment at one of the schools within the Segue Institute for Learning district is an agreement to comply with all school rules, regulations, and policies. It is your responsibility to review this handbook and sign off attesting that you are familiar with these expectations.

Ignorance or unawareness of a policy or regulation is not an excuse for failure to abide by these expectations.

The standards and conduct within this handbook pertain to all students, parents, and guardians of the Segue IFL Community and all of its member schools.

While these standards pertain specifically to our school buildings, it should be noted that Segue IFL has the same high expectations outside our buildings and in our community.

Students of Segue IFL member schools represent the philosophies and values of the district both in and out of the classroom.

Off-campus conduct may be subject to school jurisdiction. If there is debate as to the meaning of any handbook regulation or procedure, the Heads of District(s) will provide the final interpretation.

Published for the parents and students of the Segue Institute for Learning by the school district's administration.

Note on Terminology; for the purposes of this handbook, any reference to the Segue Institute for Learning shall also be understood to apply to member schools/ Davis REACH Academy (K-8) and Legacy High School, where applicable.

Inquiries regarding the handbook should be directed to:

1. Segue IFL Mission, Educational Goals, Philosophy Statement

MISSION STATEMENT

The mission of the Segue Institute for Learning public charter school district and its member schools is to foster a community where students take ownership of their education. Segue scholars receive a rigorous academic experience that prepares them to excel in the high school and eventual college setting of their choice.

At Segue schools, we believe that all of our students are **AT PROMISE**, versus being labeled At Risk. The Segue Institute for Learning member schools are safe and nurturing environments that promote diversity, encourage individual growth, and allow students to view themselves as citizens of change in their homes and communities.

EDUCATIONAL GOALS

- ☐ Students will master the basic skills of reading, writing, math, science, and social studies.
- ☐ Students will be taught study, reasoning, and critical thinking skills.
- ☐ Students will master the use of computer technology and be able to navigate the World Wide Web.
- ☐ Students will be taught the consequences of dangerous decision-making, as it relates to substance abuse, violence, and healthy relationships.
- ☐ Students will take an active part in the community, participating in various community service projects.
- ☐ Teachers will participate in ongoing professional development.
- ☐ Teachers will teach reading and writing as it relates to each content area.
- ☐ Teachers will utilize a variety of multicultural resources throughout lessons.
- ☐ Teachers and support staff will work with parents to keep an open line of communication between the home and school.

PHILOSOPHY STATEMENT

It is the responsibility of all staff members of member schools to make their campus a safe and caring environment through the utilization of a school-wide positive behavior support system that helps ensure that teachers can teach and students can learn.

STAFF AND STUDENTS SET THE TONE for the educational environment by praising students who follow school-wide expectations and redirecting students who struggle to meet those expectations (See Expectations and Guidelines for further information).

2. Positive Behavioral Interventions and Supports System (PBIS)

The Segue Institute for Learning works hard to ensure the safety and security of all of its students. Segue member schools incorporate a school-wide positive behavior support system.

Positive Behavioral Interventions and Supports (PBIS) is a system designed to promote and maximize academic achievement and behavioral competence. It is a school and district-wide strategy to help all students achieve important social and learning goals.

As part of the PBIS system, we have established several clear rules and expectations for the behavior we expect in all areas of our schools. These expectations are listed in every classroom and common area of our buildings. Our school rules specifically address inappropriate behaviors, provide for a safer school environment, and give more time for instruction.

All students are required to adhere to School-Wide Behavioral Expectations:

- ☐ Be on time and prepared,
- ☐ Follow directions the first time they are given
- ☐ Stay in your Assigned Area.
- ☐ Use positive Language: no harassment, put-downs, teasing, foul language, derogatory language, or slurs.
- ☐ Keep hands, feet, objects, and other body parts to yourself

Tiered PBIS Framework

Educators and practitioners provide a continuum of academic, behavioral, social, and emotional support matched to students' needs. We describe this continuum across three tiers of support.

Foundational systems across all three tiers include:

- A shared vision for a positive school social culture
- A representative leadership team that meets regularly and shares expertise in coaching, social, emotional, behavioral, academic, equity, mental health, physical health, wellness, and trauma
- Families are actively engaged
- A supportive and involved school administration
- On-going access to professional development for preparing all staff to implement each tier of PBIS
- Systematic collection of screening, progress-monitoring, outcome, and fidelity data
- Ongoing use of data for decision making
- Disaggregating data to examine equity among student subgroups

3. R.E.A.C.H. Values and the Segue Pledge

Segue schools incorporate a school-wide positive behavior support system. Positive Behavioral Interventions and Supports (PBIS) is a system designed to promote and maximize academic achievement and behavioral competence. It is a school-wide strategy to help all students achieve important social and learning goals.

Encouragement

It is only through encouragement and positive attention that behavior is ultimately changed. We know that when good behavior and good teaching come together, our students will excel in their learning. We believe that by helping students practice good behavior, we build a school community where all students have an environment where they can succeed and grow.

SEGUE R.E.A.C.H. Values

R – Respect E – Enthusiasm A – Achievement C – Citizenship H – Hard Work

All students should strive for Segue's overarching REACH expectations, by:

- ☐ Showing Respect to all students and adults of my community.
- ☐ Expressing Enthusiasm towards school and strive to be their best.
- ☐ Working towards the Achievement of Segue standards.
- ☐ Modeling true Citizenship and try to make a difference.
- ☐ Engaging in Hard Work to reach their goals.

The positive recognition and rewards that are used at Segue:

- ☐ Classroom Dojo REACH Points (Falcon's Nest, Snack Shack, Dress Down, and Raffle)
- ☐ Segue Stars
- ☐ Positive Office Referrals (Certificate and Dress Down Pass)
- ☐ Scholars of the Trimester Awards & Recognitions (STAR REACHers Ceremony)
- ☐ End of the Year Student Honors
- ☐ PBIS Recognition- (based on attendance, tardy, behavioral and completion of assignments data)

THE SEGUE PLEDGE

I am a student at the Segue Institute for Learning.
Every day, I will work towards being the best that I can be.

I will show Respect to all students and adults of my
community.

I will express Enthusiasm towards school and strive to be
my best.

I will work towards the Achievement of Segue Standards.
I will model true Citizenship and try to make a difference.

I will engage in Hard Work to reach my Goals.

This is my Pledge.

I am a Student at the Segue Institute for Learning.

4. Communication with Families

Talking Points

In an effort to be consistent with information for parents and caregivers, Segue uses the application **Talking Points** to communicate with families of elementary, middle and high school students.

Teachers and staff will use Talking Points/Class Dojo to relay important logistical information. Talking Points will also be used to notify families if their student will be receiving an award at an upcoming celebration, etc.

It is imperative that all parents and guardians install Talking Points (K-12) and Class Dojo (K-8) to ensure that they are consistently informed. This is important because we do not know if you have not installed the program when we send out information. The assumption is that you have done so and are able to receive information, reminders, school closings, etc.

Instructions for installing Talking Points below (website, Apple application, Google application):

 	
Logging In Information	
Talking Points Website	Talking Points Application
> Step 1: ○ Scan the QR Code Below OR go to families.talkingpts.org > Step 2: ○ Select your preferred language. > Step 3: ○ Follow the directions to register.	> Step 1: ○ Download the FAMILIES Talking Points App on your device. (QR Codes Below) > Step 2: ○ Select your preferred language. > Step 3: ○ Follow the directions to register.

Class Dojo

Teachers and staff of students in grades K-8 will also use the application Class Dojo, which is a way for teachers to track and reward student progress. When a student gets a certain amount of Dojo points, they will be rewarded. Parents and guardians can see students' points and progress by logging onto Class Dojo using a code given to them by their students' teacher.

Instructions for installing Class Dojo below:

5. Restorative Practices

The Segue Institute for Learning utilizes restorative practices to improve relationships and foster a sense of community. Students have the opportunity to repair any harm they have done to the school community using techniques which include: small group circles, asking questions, and using “I” statements. We believe that modeling restorative practices will help students resolve disagreements and handle misconduct constructively. Restorative justice holds offenders accountable for their actions, provides restitution to victims, and strengthens communities.

Restorative Practices Youth Restoration Project
Cultivating Relationships, Restoring Community

Restorative Practice Tools
Restorative tools and techniques are simple interpersonal skills used throughout a community to help build relationships, create understanding, and deescalate conflict.

ASK QUESTIONS	“I” STATEMENTS	CIRCLE UP
Shifting from statements to questions. - We ask questions to understand or to clarify - We listen patiently for answers. <i>I feel... I want... I saw...</i> Sample Restorative Questions - What happened? - What were you thinking? - Who was affected? - In what ways? - What could make this right? - What can you do to prevent this from happening again?	Expressing emotions with “I” statements. - We speak about what we saw, we felt, what we did or want to do. - We avoid “you” statements that might sound like accusing. <i>I feel... I want... I saw...</i> Sample “I” statements - I feel hurt when ... - What I need is ... - What I am hearing is ... - I am concerned about ... - When I am shouted at I ...	Regularly gathering in groups and as a community. - Circles can be with just two people or as many as a whole community - Circles can be planned for regular times or they can be formal and spontaneous. Sample Circle Rules - We speak from the heart - We do not interrupt - We wait our turn. - We listen to each person.

Restorative Practices
Community, Safety, Accountability and Learning Youth Restoration Project
YouthRestorationProject.org

We agree:

WE ASK QUESTIONS Ask questions to understand or clarify Listen patiently for answers <i>I feel... I want... I saw...</i>	WE TAKE TURNS SPEAKING Each person gets heard Do not interrupt, wait your turn Listen to each person
WE USE “I” STATEMENTS Speak about what you saw; you felt Speak about what you did or want to do Avoid “you” statements that accuse	WE STICK TO THE FACTS Tell YOUR story of what happened Refer to the behavior not the person

6. Consequences, Infractions, and Tiered Infractions

Segue has a progressive system of consequences that will be consistently followed when students do not adhere to our school-wide expectations. When students have challenges following our rules and expectations, parent involvement is necessary in assisting Segue's implementation of an action plan to change disruptive behaviors.

Students who cannot adhere to our REACH Values and School Wide Behavioral Expectations may receive the following consequences:

- ☐ Family Contact (phone call, Talking Points message, email)
- ☐ Student-Family Conference (In-person Meeting)
- ☐ Teacher or Afterschool Reflection
- ☐ Social Restriction
- ☐ In-School Suspension
- ☐ Out-of-School Suspension
- ☐ Necessary Placement
- ☐ Restitution

Parent/ Guardian Conferences

A conference with the student, the guardian, and appropriate staff members will be scheduled to discuss the student's behavioral concerns. If a formal action plan is developed to help improve the student's behavior, copies will be given to the student and the guardian.

Teacher Reflection

A Teacher Reflection is held either during lunch or after school hours. Students are notified of the infraction and are to reflect on the date assigned by the teacher. The parent or guardian will be informed via phone call. During a teacher reflection, students circle up with a staff member and talk about the infraction/harm they have caused to the school community. The student will be asked questions and will respond using "I" statements to help he/she understand what has happened and how they can correct this action.

After School Reflection

Afterschool reflections are held after school hours. Students are notified of the infraction and are to serve the reflection on the date assigned. The parent or guardian will be informed via phone call by a behavior specialist or administrator. During reflection, students are required to fill out a worksheet which will help guide the circle up. Circle ups are run by a behavior specialist who is trained in restorative practices and will facilitate all aspects of the conversation.

Administrative Reflection

Administrative reflection is assigned for severe behavior infractions or accumulation of infractions including tardy to school/class, uniform infractions, and major infractions. Administrative reflection is a time where students will repair harm done to the school community. Activities during this time can include reflection with a staff member, community service, or a research project to help educate the student on any harm they caused.

Social Suspension

A student placed on social suspension is not allowed to participate in any extracurricular activities or school-sponsored events. During the social suspension, students will not be allowed to participate in

afterschool programs, sporting events, field trips, or any other events deemed necessary by the administration. The student and family will be notified via phone call or parent meeting.

In-School Suspension

School staff will notify the guardian in the event that their child receives an In-school Suspension.

In-school suspension is an alternative to out-of-school suspension. Students will serve their assigned In-school suspension in an alternative work space, for an entire school day. Students assigned to in-school suspension are required to complete all work assignments assigned by their teacher(s) or the in-school suspension facilitator. Students who fail to adhere to any in-school suspension rules or refuse to complete any assigned tasks may be assigned out-of-school suspension.

Out of School Suspension (up to 10 days)

School staff will notify the guardian in the event that their child receives an out-of-school suspension.

Students serving an out-of-school suspension cannot attend school or be on school property on the assigned suspension date, during or after school hours. Suspended students also cannot attend any school-related events or activities on or off campus. When a student is suspended out of school, the parent or legal guardian of the pupil shall be notified and a conference with the student, the guardian, and appropriate staff members will be scheduled, to discuss the student reintegration, upon the child's return.

Necessary Out of District Placement

The most serious acts of misconduct as determined by a school administrator may result in the immediate removal of a student from the school. This action may result in a student being suspended from school and recommended for reassignment to an alternative program or necessary placement and transfer to an alternative program.

Restitution

The student will assume the responsibility for restitution of lost or damaged materials, equipment and/or other school property. Restitution may be monetary or through volunteer work/community service as determined by school officials. The student and the parent or guardian having legal custody of the student may be liable for the amount of the assessed loss or damages. If a plan is developed to cover restitution, copies will be given to the student and the parent.

Types of Infractions

Segue has a progressive system of consequences that will be consistently followed when students do not adhere to our school-wide expectations. When students have challenges following our rules and expectations, parent involvement is necessary in assisting Segue IFL in implementing an action plan to change disruptive behaviors.

Severe Behavior

Immediate referral to the office includes the following infractions: Fighting, vandalism, overt defiance (stopping the class from functioning), weapons and drugs, etc. When a student exhibits a severe infraction or is found to violate Segue policy, the student will be disciplined accordingly, up to and including necessary placement.

**Please refer to the Segue Progressive Discipline Policy for more information on severe behavior infractions.*

Behavioral Consequences

The Segue Institute for Learning expects, encourages, and trusts our students to be safe and make healthy decisions regarding their behavior. When students make poor decisions, there are consequences for their

actions. The following chart shows the consequential actions that will occur for each infraction. A minimum to the maximum range is listed, as well as disciplinary action for first or repeated occurrences. Students are held accountable to rules/expectations: at school, while traveling to and from school, at school-sponsored events, while at other schools in the community, and while off campus whenever such conduct disrupts or interferes with the discipline or general welfare of the school.

School officials will take into consideration the student's behavior record before acting. If a student has repeated or been involved in inappropriate conduct, then consequential action may be the maximum consequence listed. In the case of severe violation of rules, the consequential action may extend beyond these guidelines, even for the first offense.

Final appeal of consequences will be heard by the Executive Director.

Tiered Infractions

The infractions listed below are in no way expected to be a conclusive list of possible infractions. These classifications can be adjusted at the discretion of the Administrative Team.

Tier 1 Infractions	Tier 2 Infractions	Tier 3 Infractions
Classroom disruptions Disruption/Insubordination Electronics violation Dress Code Violations Out of bounds in Class Late to school Late to class Elopement from seat	Habitual or egregious classroom disruptions Habitual violation of electronics Habitual dress code violations Habitual Lateness to school Cheating/Plagiarism Skipping class/Reflections Disorderly Conduct Gambling Vandalism Threatening/intimidation of staff or students Bullying/Hazing of staff or students Obscene language/profanity directed towards staff or students Harassment (verbal, sexual, racial, physical) Cyber-bullying Assault/Fighting Elopement from learning space Illegal organization (i.e. gangs) Theft, extortion, or possession of stolen property	Possession, sale, or use of illegal drugs/alcohol/vapes Possession of weapons Arson Stalking Malicious or criminal Mischief/Vandalism Leading or Participating in a riot on school grounds Bomb Threats Sexual Assault/Battery Sexual Misconduct Elopement from school grounds Undutiful activation of fire alarms

***For students with disabilities behavioral consequences will be related to the requirements of their IEP.**

An intentional, serious threat by word or act (including physical, verbal and/or bullying/threatening), that places another person in fear of imminent serious physical injury will be met with consequences. This includes, but is not limited to, words, target lists, or conduct directed toward another person. Intimidation, threats and/or menacing are not limited to the protective classes of race, gender, color, religion, national origin, sexual orientation or disability. Violation could result in a referral to an appropriate law enforcement agency.

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Abusive/Threatening Language			
<i>Towards staff</i>	First	In-School Suspension	Out-of-School Suspension
	Repeated	In-School Suspension	Out-of-school suspension
<i>Towards another student</i>	First	Reflection	Out-of-School Suspension
	Repeated	Administrative Reflection/In-School Suspension	Out-of-School Suspension

Intentionally, knowingly, or recklessly causing physical injury to another.

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Fighting/Physical Aggression			
<i>Towards staff</i>	First	In-School Suspension	Necessary Placement Police Involvement
	Repeated	Out of School Suspension	Necessary Placement Police Involvement
<i>Towards another student</i>	First	In-School Suspension Out-of-School Suspension	Necessary Placement Police Involvement
	Repeated	Out-of-school suspension	Necessary Placement Police Involvement

Refusal to follow the reasonable requests of school personnel and/or designated authority. Language or behavior that disrupts and/or interferes with classroom instruction and the educational process. The Maximum Consequence listed would be exercised only in instances where a student's behavior and/or actions threatens the safety of self or others.

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Abusive/Threatening Language	First	Reflection	Out of School/Necessary Placement
	Repeated	After school reflection	Necessary Placement

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Non-Compliance/Overt Defiance	First	Reflection	Out of School/Necessary Placement
	Repeated	After School reflection	Out of school suspension

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Weapon Possession	First	Out-of-school suspension	Police Contact
	Repeated	Out-of-school suspension	Police Contact

- *The use, possession or sale of a dangerous or deadly weapon. A dangerous weapon is any object, device, instrument, material, or substance which, under the circumstance in which it is used, attempted to be used, threatened to be used, possessed or sold, is readily capable of causing death or serious physical injury.*

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Harassment Bullying	First	After school reflection	Out-of-school suspension Police Involvement
	Repeated	After school reflection	Police Involvement

- *Victimization, intimidation or mistreatment by others in the school community, based on unequal physical, psychological or social power or perceived power. Bullying or harassment implies behaviors that can cause physical and/or emotional harm, are unwelcome, intentional, unprovoked, and usually repeated. Segue will follow the RIDE Bullying Policy to address any issues involving bullying.*

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Property Damage/Vandalism

<i>School Property</i>	First	Reflection/Restitution	Restitution After school reflection
	Repeated	After school suspension Restitution	In school suspension

Taking, giving, selling or receiving property not belonging to you. Knowingly possessing any stolen property or property reported lost or missing.

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Sexual Harassment/ Inappropriate Touching	First	In School Suspension	Necessary Placement Police Involvement Out-of-school suspension
	Repeated	Out-of-school suspension	Necessary Placement Police involvement

Sexual harassment is prohibited conduct. It may be verbal, visual, written, electronic, or physical in nature and includes unwelcome sexual advances, requests for sexual favors, and/or physical touching. More subtle forms of harassment such as unwelcome posters, cartoons, caricatures, and jokes of a sexual nature are also prohibited.

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Alcohol/Tobacco/Drug/ Vape	First	In-School Suspension	Out of school suspension
	Repeated	Out of School Suspension	Police contact

The use, possession, sharing, distribution, and/or selling of alcohol, tobacco, vapes, or any illegal substance (including non-prescribed medication).

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Inappropriate Use of Technology	First	Loss of tech. Privileges Reflection	Loss of technology use
*Progressive Consequences	Repeated	Loss of technology use	In school Suspension

OFFENSE	OCCURRENCES	MINIMUM CONSEQUENCE	MAXIMUM CONSEQUENCE
Uniform Infractions	First	Family Contact	Reflection
*Progressive Consequences	Repeated	Reflection	Social Restriction

7. Social Restriction Policy (Gr. 3-12)

Social Restriction (SR) is a loss of privileges, which may include being unable to participate in field trips, school dances, spirit weeks, after-school activities, extracurricular activities, dress-down days, athletic teams/games, and additional school activities.

**For students with Individualized Education Plans (IEP) or 504's, the team will be consulted to determine appropriate consequences.*

Reasons students are placed on Social Restriction:

- ☐ 3+ Major Infractions (Afterschool Reflections) (20 School Days of Social Restriction)
- ☐ 7+ Minor Infractions (Teacher Reflections) (10 School Days of Social Restriction)
- ☐ 10+ Uniform Infractions (10 School Days of Social Restriction)
- ☐ Receive an in-school suspension or out-of-school suspension (10 School Days of Social Restriction)
- ☐ 10+ lates to school (unexcused) (10 school days of Social Restriction) Any infractions afterward will result in being placed back on Social Restriction
- ☐ 7+ late to class (10 school days of Social Restriction)
- ☐ Chronic Absenteeism: Number of unexcused absences dependent on the number of school days
- ☐ Missing Work: If a student is missing 30% or more of their graded assignments, in any content class, by the time progress reports come out they will be placed on social restriction until work is completed. Graded assignments are defined as classwork that impacts overall grade.
- ☐ Portfolio: If a student misses a portfolio deadline, they will be placed on social restriction until the teachers confirms they have met the portfolio expectation.

**A scholar may serve a minimum of 10 school days on SR and a maximum of 20 school days on SR.*

**If a student receives a like infraction during their time on SR their time will be extended.*

School Administration will have the final determination on students placed on Social Restriction. School administration will determine the number of school days students will serve on Social Restriction.

Students on Social Restriction will be required to attend sessions with members of our S.A.F.E. team to receive intentional support, focus on setting behavior and/or academic goals, and work towards meeting expectations.

Parents/Guardians will be contacted to schedule an in-person, virtual, or phone call discussion regarding their student receiving a social restriction for the reasons mentioned above.

Parents/Guardians will receive a formal letter informing them of the recurring concern regarding their students behavior/absences and time on social restriction.

8. Prevention - Crisis Intervention - Physical Restraint Policy

Intent

The intent of these procedures is to ensure that every student attending member schools in the Segue Institute for Learning district is free from unreasonable and unnecessary physical restraint and that such an intervention is used only in emergency situations after other less intrusive alternatives have failed or been deemed inappropriate.

These procedures promote the use of positive, preventive behavioral supports that significantly limit the need for physical intervention, restrict the use of physical force, and ensure that physical restraint is administered in the least intrusive manner possible. These procedures outline appropriate practice in those instances where physical restraint is absolutely necessary to protect a student(s), staff and/or other school members from imminent, serious physical harm.

The Segue Institute for Learning has established the procedures described in this document for the purposes of:

- a. Promoting student safety and preventing student violence, self-injurious behavior and suicide, including de-escalation of potentially dangerous behavior that may occur with an individual student or among groups of students;
- b. Establishing effective crisis intervention practices and when necessary to ensure safety, appropriate physical intervention procedures;
- c. Keeping all school members informed regarding these procedures as well as preventative interventions, de-escalation, types of restraints and related safety considerations, administering physical restraint in accordance with behavioral intervention plans and/or known medical or psychological limitations;
- d. Identifying staff that is authorized to serve as a school-wide resource to assist other staff in proper administration of these practices and provide these staff with advanced training beyond the basic information provided by all staff;
- e. Reporting crisis intervention/physical restraint incidents to parents, school administration and the Rhode Island Department of Education.
- f. Complying with established Regulations of the Rhode Island Board of Regents.

Emergency Situations

While the procedures contained herein direct the use of crisis intervention/physical restraint, they do not prohibit any Segue Institute for Learning teacher, employee, or agent from using reasonable force to protect students, other persons, or themselves from imminent, serious physical harm.

Annual Professional Development

Each school year, Segue Institute for Learning school policies and procedures described in this document are reviewed and provided to all school staff and parents, either through meetings or in school handbooks. Within the first month of school, staff training will be conducted. Staff members who are employed after the school year begins are provided this training as part of their initial orientation within the first month of their employment. The training includes the distribution and explanation of the policy.

For school personnel likely to administer physical restraint in accordance with Individual Student Behavior Intervention Plans and known medical or psychological limitations, training will occur as needed. In addition to the basic training provided to all staff regarding these procedures, advanced training is required for staff considered by the Segue Institute for Learning to be qualified to administer

physical restraint/crisis intervention procedures with students.

Methods for Promoting Safety and Preventing Violence

1. Social and Emotional Learning for all students

Social and emotional learning and positive behavioral support for students are addressed as appropriate as part of ongoing school improvement and professional development plans.

The Segue Institute for Learning addresses social and emotional learning for all its students, by utilizing positive behavior support within the school setting.

2. Behavioral Intervention to Support Students Facing or Posing Behavioral Challenges

To support productive relationships and learning and to enhance connection to school for students who face or pose emotional or behavioral challenges, the following procedures are established:

- ☐ School-Wide Positive Behavior Support System (SWPBS)
- ☐ Functional Behavioral Assessments (FBA)
- ☐ Behavioral Intervention Strategies and Plans

3. Crisis Intervention: De-escalation Procedures

Despite the use of positive behavioral supports and interventions, there may be instances when the behavior of one or more students escalates beyond the student's immediate control, creating danger of violence or self-injury. Safety precautions considered, the first course of action should be the application of specific intervention strategies designed to diffuse the situation by addressing students' emotional needs and de-escalating the immediate behavior.

De-escalation intends to restore the student(s) capacity to control the immediate impulse/behavior and move toward safer or more constructive resolution of the immediate problem situation.

In the event of student behavior representing a crisis, de-escalation strategies, such as but not limited to the following, should be employed:

Verbal Intervention Techniques

DO	DON'T
Lower voice	Raise voice
Use calm tone	Use an excited or anxious tone
Remain calm	Overreact
Isolate situation	Engage in a power struggle
Allow student to state case	Give vague instructions quickly
Respect personal space	Mock or ridicule
Be consistent	Threaten
Give clear direction	Set demands
Restate short-term goals	Fake attention
Listen	Make false promises
Enforce limits	

9. Discipline Guidelines for Students with Disabilities

Students with IEPs and 504 Plans

Students with disabilities have additional protections under the Individuals with Disabilities Education Act of 2004 (IDEA) and Section 504 of the Rehabilitation Act of 1973. This includes students within special classes (self contained classrooms) and students who receive resource services, inclusion and/or speech services. This also includes any students within the referral process, whether they have been referred to the evaluation team by parents/guardians or staff members. Additionally, this includes students who have not yet been determined to be eligible for special education but, by violating a rule or Code of Conduct, have been engaged in behavior that may indicate disability.

All students with individualized education programs (IEP) or Section 504 accommodation plans, as well as all students who are in process of being referred or evaluated for eligibility under IDEA or Section 504, are entitled to additional procedural protections related to disciplinary actions. School personnel under this section may move child with a disability for a Tier 2 or Tier 3 infraction from his or her current placement to an appropriate interim alternative educational setting or another setting; suspend for not more than 10 consecutive school days (to the extent those alternative are applies to children without disabilities); or refer to the Segue Administrative Team.

Please refer to the Rhode Island Board of Education Regulations titled “Discipline Guidelines for Students with Disabilities under IDEA,” located in the references section of this handbook for more specific information.

10. Crisis Intervention: Physical Restraint

Restraint Procedures

It is the policy of the Segue Institute for Learning that physical restraint/crisis intervention is used only to be used in the following circumstances:

- a) Non-physical interventions would not be effective; and
- b) The student’s behavior poses a threat of imminent, serious, physical harm to self and/or others
- c) If a behavioral intervention plan has been developed for the student, those various positive reinforcement techniques have been implemented appropriately and the child has failed to respond to those reinforcement techniques

The Segue Institute for Learning limits the use of such force to the amount and duration necessary and reasonable to protect a student or another person from imminent, serious, physical harm.

In the event that physical restraint becomes necessary:

1. Every attempt should be made to alert additional school personnel for observation and assistance.
2. Only the safest physical restraint methods are to be used.
3. Every effort should be made to isolate the restraint situation, to avoid prolonging or escalating the situation.
4. In the event that a student becomes deliberately and dangerously assaultive, the student's

parent(s) or guardian(s) must be notified to remove him/her from school as soon as possible to avoid further danger.

5. If the student exhibits suicidal or homicidal indicators, the school crisis team must be contacted for further intervention. The crisis team member along with the school administration will determine if rescue is to be contacted.
6. The student should be released slowly from the restraint, in stages, to ensure that she/he has regained self-control and no longer presents an apparent danger.
7. Any injury occurring during a restraint must be treated immediately by the appropriate medical personnel. Injuries will be recorded in the Physical Restraint/Crisis Intervention Report.
8. As soon as possible following the incident, but no later than the next school day, the staff member(s) who administered the restraint will document the incident and inform the Heads of District.
9. Follow-up steps include parent notification, review of restraint with the student, staff involved, and the Heads of District, and consideration of further action, including preventative behavioral interventions.

Restraint Safety Procedures

The following safety procedures are in effect, consistent with Rhode Island Physical Restraint Regulations effective September 1, 2002:

- 1) Whenever possible, only trained personnel authorized by the Segue Institute for Learning may administer physical restraint/crisis intervention with students. Whenever possible, the administration of a physical restraint/crisis intervention shall be witnessed by at least one adult who does not participate in the restraint. This training requirement does not preclude any teacher, employee or agent of the Segue Institute for Learning from using reasonable force necessary to protect students, other persons, or themselves from imminent, serious physical harm.
- 2) Restraint is administered in such a way to prevent or minimize physical harm. If, at any time during a physical restraint/crisis intervention, the student demonstrates significant physical distress, the student is released from the restraint immediately and school staff are directed to take steps to seek medical assistance.
- 3) Program staff must review and consider any known medical or psychological limitations and/or behavioral intervention plans regarding the use of physical restraint/crisis intervention on an individual student.
- 4) Restraint is administered in such a way that the student is never at any time prevented from breathing or speaking. During the administration of restraint, a staff member will continuously monitor the physical status of the student, including skin color and respiration. A restraint ceases immediately upon determination by the staff member administering the restraint that the student is no longer at risk of causing imminent physical harm to him or herself or others.
- 5) After the release of a student from a restraint, the following procedures are implemented:

1. Appropriate staff will review the incident with the student, as appropriate, to address the behavior that precipitated the restraint.
2. The building administrator will review the incident with the staff person(s) who administered the restraint to discuss whether proper restraint procedures were followed and consider whether any follow-up is appropriate for the student and for students who witnessed the incident.
3. The building administrator will review the incident with the student and consider whether any follow-up is appropriate for the student and for the students who witnessed the incident.
4. School personnel will meet with the parent to determine whether the student requires a behavioral intervention plan as part of his or her education program, or, if one already exists, whether that plan needs to be modified or adjusted.

Restraint Prohibitions

Physical restraint is prohibited in the following circumstances, consistent with Rhode Island Physical Restraint Regulations effective September 1, 2002.

1. As a means of punishment;
2. As an intervention that is designed to subject, used to subject, or likely to subject the student to verbal abuse, ridicule or humiliation, physical pain, or which can be expected to cause excessive emotional trauma;
3. As an intervention that denies adequate sleep, food, water, shelter, bedding, or access to bathroom facilities;
4. As a restrictive intervention that employs a device or material or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment may be used by trained personnel as a limited emergency intervention when a documented part of a previously agreed upon written behavioral intervention plan;
5. As seclusion, unless under constant surveillance and observation when documented as part of a previously agreed upon written behavioral intervention plan;
6. As any intervention that precludes adequate supervision of the student;
7. As any intervention which deprives the student of one or more of their senses.

Reporting Instances of the Use of Physical Restraint/Crisis Intervention

On the day the restraint took place, the student's parent(s) or guardian(s) are notified by the building administrator of the restraint incident. Records of parent notification are maintained in the school and student files.

As soon as possible, but not later than the next school day, the staff member who administers a physical restraint/crisis intervention submits a written report to the building administrator. That report is reviewed by the respective administrator(s). After that review, a parent may request and receive a copy of that report.

The appropriate building administrator maintains an ongoing written record of all reported instances of physical restraint.

Each year, the Segue Institute for Learning submits a report regarding all incidents of the use of physical restraint/crisis intervention to the Rhode Island Department of Education.

Procedures for Investigating Complaints

Date of Incident: _____ Person Completing Report: _____

Date of Report: _____ Title/Position: _____

Person(s) who Administered Restraint	Title/Position

Administrator informed following the restraint: _____ Title/Position: _____

Observers: _____

Location and activity in which restraint student, other students, and staff in the vicinity were engaged when the restraint occurred:
Behavior prompting the restraint:
Description of de-escalation efforts and alternatives attempted:
Justification for initiating physical restraint/crisis intervention:

a) Hold(s) utilized and rationale for the type of hold:

b) Student's behavior/reactions during restraint:

c) How restraint ended:

d) Did an injury occur in the process of restraint? Yes No

If yes: Student and/or Staff injured:

Nature of the injury:

e) Medical care provided (include care provided, to whom, by whom):

Follow-up Action

a) Further action(s) that the school has taken or will take:

b) (if applicable) Development or modification of a behavior intervention plan as a result of the physical restraint (include reference to any such plans contained in separate documents):

Parent(s) or guardian(s) of the student referenced in this report were informed about the restraint incident on the following date: _____

Method of notification:

- ☐ Letter
- ☐ Phone
- ☐ Conference

Contact person: _____
Name & Title/Position of Staff

11. Search and Seizure

The right to inspect desks, lockers, backpacks and other equipment assigned to students may be exercised by school officials to safeguard students, their property and school property. School administration or other authorized personnel may search a student's locker or desk under the following conditions:

1. There is reason to believe that the student's desk or locker contains contraband material.

2. The probable presence of contraband material presents a serious threat to the maintenance of discipline, order, safety and health in school.

This document serves as advance notice that school policy allows desks and lockers to be inspected if the administration has reason to believe that materials injurious to the best interests of students and the school are contained therein.

Under special circumstances, school officials may search students, particularly if there is reasonable suspicion that a student possesses illegal matter, such as a dangerous weapon or illegal drugs. Students must be aware that such items are forbidden both on school property and at school-related activities.

The Segue Institute for Learning will attempt to contact the guardian prior to any search, however in certain circumstances this may not be possible to ensure school safety. Guardians will have the opportunity to meet with school administration regarding the search and findings. As a best practice, searches are recorded for the safety of both the student and staff.

12. Academic Philosophy and Grading Policy

Guiding Philosophy

- A grade is an evaluation of student progress based on content standards.
- Grades provide meaningful and timely feedback on performance.
- Grades identify what scholars know, what scholars are able to do, and empower scholars to continue to grow.
- The district's grading system is transparent and universal among teachers and staff. It is clearly communicated with students, families, and community stakeholders.
- Teachers will re-teach, and allow students to re-do, all assignments until proficiency is achieved.
- Grades are one form of classroom data, which must be reflected upon by teachers and administrators. This data is one tool used to inform instruction and drive decisions regarding curricula and provides valuable information for the MTSS process.

Logistics

- All classes have designated umbrella standards for report card purposes and substandards that include CCSS and/or state /national standards.
- To determine a student's proficiency in one standard, an average of three assessment scores will be calculated. These assessment scores must represent those assignments that best capture application of a skill or knowledge at the end of the learning process (i.e. unit assessments, performance tasks, etc).
- For end-of-year purposes, a student's most recent performance in a standard will be used. If a student's most recent performance is lower than their overall performance, the Head of School and teacher will confer on end-of-year rating.
- Grade level teams will provide a written explanation of the following:
 - o System for students to be retaught, and for students to redo/revise assignments
 - o Procedure for scheduling make-ups for assignments, including missed instruction, that a student misses due to an absence
- Report Cards are distributed on a trimester basis.
- Progress Reports are distributed prior to family conferences.

Grading

- All grades must be reported and recorded on a 4-point rubric scale.
- 1 = Learning *Student demonstrates minimal command of the standard*
- 2 = Growing *Student demonstrates partial command of the standard*
- 3 = Knowing *Student demonstrates strong command of the standard*
- 4 = Extending *Student demonstrates distinguished command of the standard*

Homework

- Homework is assigned regularly to provide independent practice and promote responsibility, preparing students for high school and college expectations.
- Homework is assigned only after a student has had practice with a new skill or content under the supervision of a teacher.
- Teachers must provide students with access to necessary resources to complete assignments if they do not have access to those resources at home (i.e. technology, Internet, textbook, etc).
- Family contact must be made if a student's Learner Quality rating is below a 2.

Rubrics

- A rubric is a tool that assesses a student's proficiency based on standards.
- A rubric might include multiple categories. Every category on a rubric must be directly aligned to a singular standard.
- All rubrics must include multiple criteria, which will reflect the content area and assignment, and levels of achievement.
- All rubrics will include the following levels of achievement:
 - o Learning – 1
 - o Growing – 2
 - o Knowing – 3
 - o Extending – 4

Summative Assessments (Mid-Module, Module, PBAs, Tests, etc.)

- Assessments are designed to gain an overall understanding of a student's learning. They require that students apply newly learned knowledge and skills to a given task.
- All assessments must be graded on a teacher-designed rubric, which must include multiple criteria and the levels of achievement listed above.
- All assessments must be completed entirely in school under the supervision of a teacher or staff member.
- For students with IEPs, all accommodations must be allowed and all modifications to an assessment must be made in accordance with a student's IEP.
- All assessments must be graded, recorded, and returned to students with useful feedback within one week.
- All assessments are eligible for inclusion in a student's portfolio. Students must score a 3 on an assessment for it to be eligible for portfolio submission. Students must meet proficiency on 75% of assessments in each content area.
- Teachers must create a system for students to redo/revise assessments on which they receive a score that is below 'Proficient' (lower than a 3). This will require re-teaching of a concept or skill by the classroom teacher, specialist, or Individual Needs teacher.

Portfolio

- A Segue scholar's portfolio is a reflection of his or her work throughout the course of one school year.
- Scholars are required to submit representations of their best work from each content area and course (i.e. Assessments, projects, artwork, etc.).
- Teacher's responsibility with respect to portfolio:

- o Provide students with reflection questions and guidance in the response to those questions upon completion of a unit assessment.
- o Create a system for students to redo/revise assessments on which they receive a score that is below 'Proficient' (lower than a 3).

Revised Work

- Students must be given the opportunity to redo/revise all assignments that are included in standard grades.
- Teachers must create a system for revision that is shared with other teachers and staff, students, and families.
- Students must receive ongoing feedback on their performance and progress.
- All revised work can receive a score as high as a 4.

Learner Qualities

- All students will be rated in Learner Qualities in all classes.
- Learner Qualities include: Engagement (previously Participation), Effort, and Work Completion
- See Learner Qualities Rubric for more details.

Power School

- Power School is a tool used to share student grades with students and their families.
- Power School grades must be updated frequently.
- All teachers and staff must encourage students and families to check PowerSchool grades regularly. Computers are available for their use; please see the Family Engagement Coordinator or Technology Coordinator for assistance.

Students Performing Below Expectations – Promotion Policy

- A rating below a 2 indicates a student is performing below expectations.
- Families must be contacted well before lower than a 2 is documented on a Progress Report or Report Card. Posting lower than a 2 to Power School is not sufficient contact. Please see the Family Engagement Coordinator for assistance with translation.
- A rating below a 2 is a signal to begin or revisit the MTSS Problem Solving Process.
- A student will not be promoted to the next grade level if they have failed to achieve a 2 or higher end-of-year rating in all classes. Options for promotion can include summer school, an independent project, or credit recovery.

13. Plagiarism and Cheating /Academic Honesty Policy

Plagiarism is the use of the words and ideas of another as if they were one's own and without acknowledgment of their source. Plagiarism is stealing, and constitutes a serious offense against any ethical code, be it scholastic, artistic, or professional.

Students and parents need to be aware of the importance of academic honesty at the Segue Institute for Learning. Academic honesty means not cheating, plagiarizing or using information unethically in any way. This includes parents/siblings doing a Segue student's homework or project work.

Plagiarism includes:

1. Submitting someone else's work as your own, including that of tutors, friends, parents or siblings or paraphrasing without giving credit to the source.

2. Turning in purchased papers or papers from the Internet written by someone else.
3. Helping others plagiarize by giving them your work, even if you don't think it will be copied.
4. Using someone else's idea without giving credit to the original source.

Note: You can use other people's ideas and even paraphrase or quote their words, but you **MUST** give them credit. Use phrases such as "According to..." and "In the book..." and cite **ALL** of the sources you got information from in a bibliography.

Cheating includes:

1. Copying assignments that are turned in as original work.
2. Trading assignments with other students, even if you don't think they will be copied.
3. Using unauthorized notes or technology, such as bringing notes into a test or using a computer program to translate an assignment and turning it in as your own. Sharing answers before, during or after quizzes or tests. Students must be responsible for their own papers and make sure others cannot copy their work.
4. Using summaries or commentaries (Cliffs Notes, etc.) instead of reading the assigned material.
5. Use of Artificial Intelligence (i.e. ChatGPT) to design, create, and write assignments that are submitted as original work.

How to avoid Plagiarism and Cheating:

- ☐ Plan ahead. Rushing to get your work done the night before a big project is due may make it more tempting to cheat or plagiarize.
- ☐ Be sure you understand the assignments. Don't always rely on your friends for information about what is required.
- ☐ Don't read someone else's paper or homework before you do your own work. If you get any ideas from them, you would have to cite that person as a source.
- ☐ Make sure to **ALWAYS** cite your sources. This means saying where you got the information you are using.
- ☐ Keep a list of the sources you use (including the author, title, publisher and copyright date) as you use them and make sure to note which information you got from which source.
- ☐ When in doubt about what you need to do to avoid cheating or plagiarism, just ask your classroom teacher or any adult in school.
- ☐ Use the resources given to you (i.e. teacher support, Homework Club, etc).

Consequences of Cheating & Plagiarism:

Below is a list of consequences that will be used at the discretion of the teacher and administrator in whole or in part as a result of cheating or plagiarism (this includes repeat offenses).

- ☐ A new assignment must be accompanied with a parent notification
- ☐ A meeting with teacher(s), school leadership, and parents/guardian
- ☐ Lunch/Afterschool Reflection
- ☐ Removal from school clubs or organizations
- ☐ Loss of opportunity for extracurricular activities

- ☐ In-school or out-of-school suspension

14. Davis REACH Academy and Legacy High School Uniform Policy

Why School Uniforms?

The Segue Institute for Learning schools strive to create a safe and nurturing learning environment for all students and staff. Research has shown that students who dress alike also enjoy an increased sense of unity. At Segue, we promote uniforms because they are; cost-effective, reduce school violence, and prevent gang promotion and theft. School uniforms also instill discipline among the student population and help us to recognize outsiders who do not belong in our school building. Segue staff reserves the right to reach out to parents/guardians regarding the appropriateness of clothing. Segue administration reserves the right to find replacement clothing for students dressed inappropriately.

Universal Uniform Expectations

Students are expected to come to school in the proper uniform daily. It is the responsibility of the student and parents/guardian to ensure that all school uniforms are kept clean and presentable at all times. Students are required to wear their Segue-issued Formal Uniform (Khaki pants, Davis/Legacy Polo, and sneakers) on most days of the week and wear their Gym Uniform ONLY when they're scheduled to participate in Gym class (schedule will be provided). If a student is not in the proper uniform a parent/guardian must provide a note or call the school no later than 9:00 a.m. for the infraction to be excused. Segue staff will make all final decisions regarding uniform infractions.

Uniform Infraction

Students not complying with Segue uniform expectations will receive "uniform infractions" for failing to meet our expectations. Segue follows a progressive discipline system to address any uniform infractions. Consequences for uniform infractions include but are not limited to lunch reflections, after-school reflections, and being placed on social restriction. In addition to student consequences, ongoing uniform infractions will result in families being scheduled to meet with Segue staff and possibly School Administrators.

ADDITIONAL EXPECTATIONS FOR DAILY SCHOOL ATTIRE & ACCESSORIES

- ☐ Black, maroon, or white solid-colored undershirts (long-sleeve and short-sleeve) can be worn under Segue-issued attire throughout the school year.
- ☐ Belts are strongly encouraged and will help keep pants at waist level (undergarments should not be visible at any time).
- ☐ No open-toed shoes, sandals, foam runners, slippers, heels, or crocs will be permitted to be worn on Formal and Gym Days.

- ☐ Socks can be any color and need to be school-appropriate. Please consider phrases and logos.
- ☐ Sweatshirts, coats, and jackets may be worn to school and must be removed and placed in designated areas for the school day.
- ☐ No hats, headbands, or bandanas are allowed at any time.
- ☐ No visible piercings besides ears and nose are allowed. Appropriate coverage (band-aid) will be provided.
- ☐ Bracelets and necklaces should not be visible and should be tucked away at all times.
- ☐ Students can wear a watch but no smart watches are permitted.
- ☐ Only prescription-issued glasses are allowed.

“DRESS DOWN DAYS” - DRESS CODE

When: The Segue Institute for Learning offers a non-mandatory dress-down on specific days throughout the year. Segue administration will determine those dates and will communicate with students and families. We ask that students and families practice good judgment as participation in dress-down days is considered a privilege. If issues persist, students will not be permitted to participate in “Dress Down Days.” All funds raised during “Dress Down Days” are allocated to school-sponsored activities.

What NOT to wear on “Dress Down Days”:

- ☐ No spaghetti-strapped, low-cut, see-through, or mid-drift shirts.
- ☐ No open-toed shoes, sandals, foam runners, slippers, heels, or crocs.
- ☐ All footwear must have laces.
- ☐ No ripped jeans.
- ☐ Muscle shirts or cut-off shirts (All shirts must have sleeves)
- ☐ No form-fitting (tights/leggings) pants or shorts.
- ☐ Clothing may not display any inappropriate phrases or images.

The Segue Institute for Learning has a uniform closet for emergency purposes only. We encourage families to donate any items that are not being used as students outgrow or do not use uniform pieces.

Grades K-8 FORMAL UNIFORM (NON-GYM DAYS)

The K-8 Formal Uniform (shown above) should be worn on any day that your student does not have physical education (gym). Students are expected to wear a Segue maroon short/long sleeve polo, black or khaki pants, shorts, or a skirt, and sneakers. A uniform schedule will be provided to families at the beginning of the school year. We encourage families to use good judgment in purchasing uniform items to keep students comfortable during the changing seasons.

**Students are NOT allowed to wear jeans, hoodies, hats, bandanas, boots, slippers, Uggs, foam runners, Crocs, heels, open-toed shoes, sandals, or moccasins during Formal or Gym Days.*

**Leggings are worn underneath shorts/skirts and long-sleeve undershirts are worn underneath their Segue polos during the fall and winter months.*

Grades K-8 PHYSICAL EDUCATION UNIFORM (GYM DAYS)

The K-8 Physical Education Uniform should be worn on the day the student has physical education (gym). Students are expected to wear a gray/maroon Segue T-shirt, Segue-issued maroon sweatpants, and a Segue-issued sweatshirt. Students can wear any color of sneakers. We encourage families to use good judgment to keep students comfortable during the changing seasons. Students have the option to wear the crew neck Segue sweater with the Gym Uniform. We encourage students to wear multiple layers during the winter months.

**Students are NOT allowed to wear jeans, hoodies, hats, bandanas, boots, slippers, Uggs, Crocs, heels, open-toed shoes, sandals, or moccasins during Formal or Gym Days.*

*Leggings are worn underneath sweatpants and long-sleeve undershirts are worn underneath the gray and maroon t-shirt during the fall and winter months.

The Segue Institute for Learning has a uniform closet for emergency purposes only. We encourage families to donate any items that are not being used as students outgrow or do not use uniform pieces.

Segue Institute for Learning Legacy Charter High School Uniform

Short-sleeve Polo Shirt

Long-sleeve Polo Shirt

Crewneck Sweatshirt

Gym Sweatpants

**Uniform Pants
(SOLD SEPARATELY)**

**Quarter-zip Sweatshirt
(SOLD SEPARATELY)**

Gym T-shirt

Gym T-shirt

**Uniform Pants
(SOLD SEPARATELY)**

The Legacy High School Formal Uniform (shown above) should be worn on any day that your student does not have physical education (gym). Students are expected to wear a gold short/long sleeve polo, black or khaki pants, shorts, or a skirt*, and sneakers. A uniform schedule will be provided to families at the beginning of the school year. We encourage families to use good judgment in purchasing uniform items to keep students comfortable during the changing seasons.

The Legacy High School Gym Uniform (shown above) should be worn on any day that students have physical education (gym), strength and conditioning, or yoga classes; it includes a gold or maroon t-shirt, and Legacy-issued black sweatpants. Students can wear any color of sneakers. Students have the option to wear the crew neck Legacy sweater with the Gym Uniform. We encourage students to wear multiple layers during the winter months.

**Students are NOT allowed to wear jeans, hoodies, hats, bandanas, boots, slippers, Uggs, foam runners, Crocs, heels, open-toed shoes, sandals, or moccasins during Formal or Gym Days.*

**Leggings must be worn under skirts.*

Legacy High School has a uniform closet for emergency purposes only. We encourage families to donate any items that are not being used as students outgrow or do not use uniform pieces.

15. RI Statewide Bullying Policy

STATE OF RHODE ISLAND

Department of Elementary & Secondary Education

SAFE SCHOOL ACT

STATEWIDE BULLYING POLICY

Effective: June 30, 2012

RHODE ISLAND STATEWIDE BULLYING POLICY

INTRODUCTION

This Statewide Bullying Policy is promulgated pursuant to the authority set forth in §16-21-34 of the General Laws of Rhode Island. Known as the Safe School Act, the statute recognizes that the bullying of a student creates a climate of fear and disrespect that can seriously impair the student's health and negatively affect learning. Bullying undermines the safe learning environment that students need to achieve their full potential. The purpose of the Policy is to ensure a consistent and unified statewide approach to the prohibition of bullying at school.

1. DEFINITIONS

BULLYING means the use by one or more students of a written, verbal or electronic expression or a physical act or gesture or any combination thereof directed at a student that:

- a. Causes physical or emotional harm to the student or damage to the student's property;
- b. Places the student in reasonable fear of harm to himself/herself or of damage to his/her property;
- c. Creates an intimidating, threatening, hostile, or abusive educational environment for the student;
- d. Infringes on the rights of the student to participate in school activities; or
- e. Materially and substantially disrupts the education process or the orderly operation of a school.

The expression, physical act or gesture may include, but is not limited to, an incident or incidents that may be reasonably perceived as being motivated by characteristics such as:

Race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression or mental, physical, or sensory disability, intellectual ability or by any other distinguishing characteristic.

Bullying most often occurs as repeated behavior and often is not a single incident between the bullying/cyberbullying offender(s) and the bullying victim(s).

CYBER-BULLYING means bullying through the use of technology or any electronic communication, which shall include, but not be limited to, any transfer of signs, signals, writing, images, sounds, data, texting or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, Internet communications, instant messages or facsimile communications.

Forms of cyber-bullying may include but are not limited to:

- a. The creation of a web page or blog in which the creator assumes the identity of another person;
- b. The knowing impersonation of another person as the author of posted content or messages; or
- c. The distribution by electronic means of a communication to more than one person or the posting of materials on an electronic medium that may be accessed by one or more persons, if the creation, impersonation, or distribution results in any of the conditions enumerated in clauses (a) to (e) of the definition of bullying.

AT SCHOOL means:

- a. on school premises,
- b. at any school-sponsored activity or event whether or not it is held on school premises,
- c. on a school-transportation vehicle,
- d. at an official school bus stop,
- e. using property or equipment provided by the school, or
- f. acts which create a material and substantial disruption of the education process or the orderly operation of the school.

2. SCHOOL CLIMATE

Bullying, cyber-bullying, and retaliation against any person associated with a report of bullying or the investigation thereof is prohibited in all schools that are approved for the purpose of the compulsory attendance statute (§§16-19-1 and 16-19-2). School staff shall take all reasonable measures to prevent bullying at school. Such measures may include professional development and prevention activities, parental workshops, and student assemblies among other strategies. School faculty, administration and staff, at all times, will model courteous behavior to each other, to students, and to school visitors. Abusive or humiliating language or demeanor will not be accepted. Additionally, students and their families are expected to exhibit courteous behavior to all members of the learning community in school and at school sponsored events.

3. POLICY OVERSIGHT and RESPONSIBILITY

The school principal, director, or Heads of District shall be responsible for the implementation and oversight of this bullying policy.

The school principal, director, or Heads of District shall provide the superintendent, school committee and/or school governing board with a summary report of incidents, responses, and any other bullying related issues at least twice annually.

For public schools, the prevention of bullying shall be part of the school district strategic plan (§ 16-7.1-2(e)) and school safety plan (§16-21-24).

4. INFORMATION DISSEMINATION

The school principal, director or Heads of District shall ensure that students, staff, volunteers, and

parents/legal guardians are provided information regarding this Policy. This information shall include methods of discouraging and preventing this type of behavior, the procedure to file a complaint, and the disciplinary action that may be taken against those who commit acts in violation of this policy. This policy shall be:

- a. Distributed annually to students, staff, volunteers, and parents/legal guardians
- b. Included in student codes of conduct, disciplinary policies, and student handbooks
- c. A prominently posted link on the home page of the school /district website

5. REPORTING

The school principal, director or Heads of District shall establish, and prominently publicize to students, staff, volunteers, and parents/guardians, how a report of bullying may be filed and how this report will be acted upon (See attached sample *Report Form*).

The victim of bullying, anyone who witnesses an incidence of bullying, and anyone who has credible information that an act of bullying has taken place may file a report of bullying.

Any student or staff member who believes he/she is being bullied should immediately report such circumstances to an appropriate staff member, teacher or administrator.

Parents / Guardians of the victim of bullying and parents/ guardians of the alleged perpetrator of the bullying shall be notified within twenty-four (24) hours of the incident report. When there is a reasonable suspicion that a child is either a bully or a victim of bullying, the parents/ guardians of the child will be notified immediately by the principal, director or Heads of District.

Responsibility of Staff: School staff, including volunteers, who observe an act of bullying or who have reasonable grounds to believe that bullying is taking place must report the bullying to school authorities. Failure to do so may result in disciplinary action.

Responsibility of Students: Students who observe an act of bullying or who have reasonable grounds to believe that bullying is taking place must report the bullying to school authorities. Failure to do so may result in disciplinary action. The victim of bullying, however, shall not be subject to discipline for failing to report the bullying. Student reports of bullying or retaliation may be made anonymously, provided, however, that no disciplinary action shall be taken against a student solely on the basis of an anonymous report.

Prohibition against Retaliation: Retaliation or threats of retaliation in any form designed to intimidate the victim of bullying, those who are witnesses to bullying, or those investigating an incident of bullying shall not be tolerated. Retaliation or threat of retaliation will result in the imposition of discipline in

accordance with the school behavior code.

False Reporting/Accusations: A school employee, school volunteer or student who knowingly makes a false accusation of bullying or retaliation shall be disciplined in accordance with the school behavior code.

Reports in Good Faith: A school employee, school volunteer, student, parent/ legal guardian, or caregiver who promptly reports, in good faith, an act of bullying to the appropriate school official designated in the school's policy shall be immune from a cause of action for damages arising from reporting bullying.

6. INVESTIGATION/RESPONSE

The school principal, director or Heads of District shall promptly investigate all allegations of bullying, harassment, or intimidation. If the allegation is found to be credible, appropriate disciplinary actions, subject to applicable due process requirements, will be imposed. The School Resource Officer or other qualified staff may be utilized to mediate bullying situations.

The investigation will include an assessment by the school psychologist and/or social worker of what effect the bullying, harassment or intimidation has had on the victim. A student who engages in continuous and/or serious acts of bullying will also be referred to the school psychologist and/or social worker.

Police Notification: Immediate notification of the local law enforcement agency will be made when circumstances warrant the pursuit of criminal charges against the perpetrator.

Protection: If a student is the victim of serious or persistent bullying:

- a. The school principal, director or Heads of District will intervene immediately to provide the student with a safe educational environment.
- b. The interventions will be developed, if possible, with input from the student, his or her parent/ guardian, and staff.
- c. The parents/ guardians of a victim shall also be notified of the action taken to prevent any further acts of bullying or retaliation.

7. DISCIPLINARY ACTION

The disciplinary actions for violations of the bullying policy shall be determined by the school/district appropriate authority. Disciplinary actions for violations of the bullying policy shall balance the need for accountability with the need to teach appropriate behavior. The severity of the disciplinary action shall be

aligned to the severity of the bullying behavior.

The range of disciplinary actions that may be taken against a perpetrator for bullying, cyberbullying or retaliation shall include, but not be limited to:

- a. Admonitions and warnings
- b. Parental/ Guardian notification and meetings
- c. Detention
- d. In-school suspension
- e. Loss of school-provided transportation or loss of student parking pass
- f. Loss of the opportunity to participate in extracurricular activities and programs
- g. Loss of the opportunity to participate in school social activities
- h. Loss of the opportunity to participate in graduation exercises or middle school promotional activities
- i. Police contact
- j. School suspension: No student shall be suspended from school unless it is deemed to be a necessary consequence of the violation of this Policy.

8. SOCIAL SERVICES/COUNSELING

Referral to appropriate counseling and/or social services currently being offered by schools or communities shall be provided for bullying victims, perpetrators and appropriate family members of said students.

9. SOCIAL NETWORKING

Students shall be prohibited from accessing social networking sites in school, except for educational or instructional purposes and with prior approval from school administration.

10. OTHER REDRESS

This section does not prevent a victim of bullying, cyber-bullying, or retaliation from seeking redress under any other available law, either civil or criminal. This section does not create or alter any sort of liability.

11. ADOPTION OF POLICY

The governing bodies of all schools approved for §§16-19-1 and 16-19-2 shall adopt this Policy by June 30, 2012.

16. Schoolwide Attendance Policy

School attendance is compulsory by law.

Rhode Island requires that every child who has completed or will have completed, six (6) years of life on or before September 1 of any school year, or is enrolled in kindergarten, and has not completed eighteen (18) years of life, regularly attend some public school during all days and hours that the public schools are in session. A child's attendance at school is the responsibility of the child's parent/guardian.

***NOTE: Failure to adhere to attendance requirements will lead to court intervention.**

By law, students are required to complete 180 school days. Parents and Guardians must be prepared to have their child attend February, April, and Summer Camp to fulfill the attendance mandate regardless of whether documentation for absences has been provided.

PARENT/GUARDIAN RESPONSIBILITIES REGARDING SCHOOL ATTENDANCE

1. Call the Main Office (721-0964) by 9:30 AM the day of the absence, tardiness to school, and/or early dismissal.
2. A student arriving after 10:00 am without a valid excuse will receive an unexcused absence and not be considered tardy.
3. Parent/Guardian notes should be clearly written and include date, student's full name, grade, expected arrival time or dismissal time, expected return time and parent signature.
4. Doctor's notes are only valid if delivered to school within two weeks of absence.
5. Refer to the School Year Calendar on an ongoing basis and prioritize school days.
6. Whenever possible, schedule family vacations in accordance with school vacations.
7. Whenever possible, schedule appointments (medical, dental, etc.) after school hours.
8. Whenever possible, submit prior notification of a student's absence two weeks in advance by completing an Absence **Request Form** in the main office.
9. Stress the importance of school attendance and support and reinforce the attendance policy at home..
10. If your child were to leave school property without permission, DO NOT attempt to sign him/her out after he/she has left the building.

EXCUSED ABSENCES – absences will be excused for the following reasons:

- ☐ Verified Personal illness
- ☐ Funerals or death of immediate family
- ☐ Court dates pertaining only to student
- ☐ Student suspended or excluded by school administration
- ☐ Student Hospitalizations
- ☐ Medical appointments (that cannot be scheduled outside of school hours)

** Doctor and/or dental appointments, etc., should be scheduled for after-school hours when possible. When after-school arrangements are impossible, parents should schedule appointments for later in the school day. If it is absolutely necessary to schedule an appointment in the morning, students are strongly encouraged to come to school before the appointment and return to school after the appointment. Such absences will be excused if an appropriate appointment notice or parental excuse is brought to the attendance office before student dismissal. A reasonable time will be allowed for students to make up*

missed work that was completed or assigned during their absence. After two (2) absences due to illness, a doctor's note is required to validate each additional absence as excused.

UNEXCUSED ABSENCES

Any absence that does not meet the specifications for an excused absence will be considered an "unexcused" absence. If a student is absent, a parent/guardian must call the school's main office (Segue: 401-721-0964, Legacy: 401- 297-0711), by 9:30 AM. If a parent fails to notify the school of the absence, the school will consider the absence unexcused.

PROCEDURE FOR UNEXCUSED ABSENCES

The office will make two (2) attempts to contact a parent/guardian by telephone each time a student has an unexcused absence. The office administrator will record the date, time and reason of absence.

FOUR TOTAL DAYS per trimester - Family and Scholar will be notified via Talking Points, PowerSchool, RIDE Attendance Tool, Progress Reports, Report Cards, Truancy Letter, Phone Call, In-person Meeting, Family Conferences, etc.) regarding attendance concerns.

EIGHT TOTAL DAYS per trimester - Family and Scholar will need to attend a mandatory meeting with school staff and/or school administrator to discuss attendance concerns.

TWELVE TOTAL DAYS per trimester - Family and Scholar will need to attend a hearing in front of the School Truancy Committee to follow up on an action plan previously implemented to discuss next steps.

EIGHTEEN TOTAL DAYS per trimester - School reserves the right to engage Family Court and outside agencies regarding concerns about attendance. Per RIDE, a student missing 10% (18 days) of the school year is considered chronically absent. As a result Segue IFL reserves the right to make the final decision about potential mandated extended school year attendance and possible retention.

Families have the right to appeal all decisions made by the truancy/attendance committee directly to the Executive Director. All appeals must be submitted in writing.

TARDINESS

Students must be on time to school. All students are required to adhere to the times offered by their principals and shared with parents. Failure to do so will result in the student being marked tardy.

The following procedures govern tardies:

Grades K-2

- After four (4) unexcused tardies, a TalkingPoints message will be sent to families.

- After eight (8) unexcused tardies, a parent phone call from the Dean and/or Behavior Specialist will be made to determine a plan of action to resolve the reasons for tardies.
- After ten (10) unexcused tardies, a Mandatory parent meeting with the Dean and Behavior Specialist will be required.
- After twelve (12) unexcused tardies, the Family and Scholar will be required to attend a mandatory meeting with school administration. Next steps will be taken at the discretion of the school administration.
- After eighteen (18) unexcused tardies, Segue Institute for Learning can file a truancy petition with the Family Court, as stated in our handbook. *on a case-by-case basis

Grades 3-12

- After four (4) unexcused tardies, students will circle up with the Behavior Specialist and the Dean to learn why there are unexcused tardies.
- After eight (8) unexcused tardies, a parent phone call from the Dean and/or Behavior Specialist will be made to determine a plan of action to resolve the reasons for tardies.
- At ten (10) unexcused tardies, a Mandatory parent meeting with the Dean and Behavior Specialist will be required. Scholar and family will be informed that at 12 unexcused tardies, a scholar will be placed on social restriction (see Social Restriction Policy on Page 17)
- At twelve (12) unexcused tardies, the scholar will be placed on social restriction, and the action plan will be revised as needed. The Family will be informed of the consequences via phone call/letter home. and/or Talking Points.
- At fourteen (14) unexcused tardies, the Family and Scholar will be required to attend a mandatory meeting with school administration. Next steps will be taken at the discretion of the school administration.
- At eighteen (18) unexcused tardies, Segue Institute for Learning can file a truancy petition with Family Court (on a case-by-case basis)

*NOTE: If a student is over an hour tardy without a valid excuse or dismissed early, s/he may not participate in extracurricular/sports activities for that day.

17. Schoolwide Health & Wellness Policy

Introduction & Process

Segue IFL Introduction

As an independent public charter school district, the Segue Institute for Learning member schools are committed to providing students with a learning environment that supports and promotes wellness which includes good nutrition and an active lifestyle. There is a well-documented positive relationship between wellness and the capacity of students to develop and learn. The entire school environment shall be

designed to promote health and wellness and to positively influence students' beliefs and habits. School staff shall be expected to model healthy eating and physical activity as a valuable part of daily life. Children need access to healthful food and opportunities to be physically active in order to grow, learn, and thrive. Good health fosters students' emotional well-being, attendance, and education.

Segue IFL Health & Wellness Subcommittee Process

Segue IFL convened a new team that includes staff, parents, students and other community members. The team is diverse, and shares a passion for children's health. Once the team was recruited, the subcommittee met to discuss the health and well-being of students, staff, and families in the school community. We discussed revising the current policy to meet the changing needs of our school. The subcommittee is responsible for implementing district wellness policies and leads other health-related initiatives. The updated health and wellness policy promotes healthier eating habits and creates more time throughout the day for physical activity. The policy was reviewed by the administration team and, based on their comments, was revised to meet the needs of our community. Once revisions were complete, the plan was reviewed again and approved by the Administration. The school nurse will implement this policy on behalf of the students and provide detailed information to our school community. The policy will be available on our school website. Handouts will be provided to parents with examples of snack foods and foods that are considered "junk food." Workshops will be provided for families and staff regarding healthier habits and how poor nutrition affects behavior and physical well-being. Exercise programs will also be provided for the community as an educational resource to learn how to become more active in everyday life. We will monitor and evaluate the implementation of this initiative and continue to organize programs that promote health.

Reauthorization Act and Rationale

5.2.11 Health and Wellness

In the Child Nutrition and WIC Reauthorization Act of 2004, PL 105-268, the U.S. Congress established a new requirement for all local agencies (including public and nonpublic, as well as, Residential Child Care Institutions) with a federally funded National School Lunch program. The USDA requires that each local educational agency that participates in the National School Lunch Program or other federal Child Nutrition Programs establishes a local school wellness policy for all schools under its jurisdiction.

Rationale

Studies have shown that certain nutrients in healthy foods help cognitive performance; missing breakfast is linked to lower performance in school, and participating in school breakfast programs is linked to increased learning and academic achievement, improved attention, and decreased behavioral problems. Current research shows, heart disease, cancer, stroke, and diabetes are responsible for two-thirds of deaths in the United States. Major risk factors for those diseases-unhealthy eating habits, physical inactivity, and obesity, are often established in childhood. Obesity rates have doubled in children and tripled in adolescents over the last two decades, and physical inactivity and excessive calorie intake are the predominant causes of obesity.

Nutrition Standards for Food and Beverages

Meals served through the National School Lunch and Breakfast programs will:

- Be appealing and attractive to children;
- Be served in clean and pleasant settings;
- Meet, at a minimum, nutrition requirements established by local, state, federal statutes and regulations;
- Offer a variety of fruits and vegetables;
- Serve only low-fat (1%) and fat free milk and nutritionally-equivalent and non-dairy alternatives (to be defined by the USDA); and
- Ensure that half the served grains are whole grain.

Meal times and scheduling:

- Will provide students with at least 10 minutes to eat after sitting down for breakfast and 20 minutes after sitting down for lunch;
- Should be scheduled at appropriate times; (eg. between 11am and 1pm)
- Should not include any other activities during meal times unless the student is able to eat during them;
- Will provide students a hand sanitizing station to clean hands before eating
- Should take reasonable steps to accommodate the tooth-brushing regimen of specific oral hygiene needs (e.g. braces, high tooth decay, etc.)

Sharing of foods or beverages:

SIFL will discourage students from sharing their food and/or beverages with one another during meal or snack times given concerns about allergies and restrictions on other children's diets, as well as transmitting viruses. By encouraging students to follow policy standards we are maintaining a safe, learning environment.

Beverages:

Water and milk are the best choices, so let them flow. Besides having zero calories, water is a no-sugar thirst-quencher. And 1 cup of milk has 300 milligrams of calcium, so it's a big contributor to a child's daily needs. Choose fat-free (skim) or low-fat (1%) milk products most of the time.

When kids drink too much juice, juice drinks, sports drinks, and soda, these beverages can crowd out the milk they need. Sugary drinks also can pile on the calories.

Caffeine affects each person differently. The most common effects include dehydration, upset stomach, and jitteriness, but it takes less caffeine to produce these same uncomfortable effects in adolescents. It's also important to note that many caffeinated beverages also include excess sugar which leads to cavities-and that's nothing to smile about in school.

Drinks:

- Allowed: water or seltzer water without added caloric sweeteners; fruit juice that is given at breakfast and unflavored or flavored low-fat or fat-free milk

- Not Allowed: (During School Hours) soft drinks; sports drinks; iced teas; beverages containing caffeine, excluding low-fat or fat-free chocolate milk (which contains trivial amounts of caffeine).

Foods:

SIFL will continue to encourage children to bring healthier options into the school setting. Healthier options will help decrease risk of childhood obesity as well as other health related issues. Obesity puts kids at risk for medical problems that can affect their health now and in the future. These include serious conditions like type 2 diabetes, high blood pressure, and high cholesterol — all once considered adult diseases.

FOODS ALLOWED	FOODS NOT ALLOWED
Foods that are home cooked. Healthy snack options etc....Examples include: cheez-its, vegetables, fruit, crackers, yogurt, etc.	Foods considered fast food such as: Burger King, McDonalds, Wendy's etc. Other items include: sweets, candy, potato chips, cheese puffs, etc.

Snacks:

Snacks that are brought in from home will make a positive contribution to children's diets and health, with an emphasis on "healthier snack options" and water as the primary beverage. The school nurse will disseminate a list of healthful snack items to teachers, after-school program personnel, and parents.

Rewards:

SIFL will not use foods or beverages, especially those that do not meet the nutrition standards for foods and beverages as stated above, as rewards for academic performance or good behavior, and will not withhold food or beverages (including food served through school meals) as a punishment.

Staff:

Staff are required to model healthy behavior and follow policy in front of students. Adults in the building can have caffeinated beverages such as coffee, and/or tea but should be discrete whenever possible.

Physical Activity Standards

Implements a comprehensive Physical Activity Program with quality physical education as the cornerstone.

- Students in grades K–12 are required to participate in physical education that uses a planned and sequential curriculum and instructional practices that are consistent with national or state standards for physical education.
- Develop and implement state and school district policies requiring school accountability for the quality and quantity of physical education and physical activity programs.
- Physical education is taught by a highly qualified teacher with a degree in physical education (elementary and secondary) and a current license to teach physical education from his/her

respective state. (State requires all who teach middle/ high school physical education to be certified/licensed.)

- State designates physical education as a core academic subject. All middle/ high school students are required to participate in physical education for all years of enrollment in middle school. A minimum of 90 minutes of physical education per week will be provided, for the entire school year. At least 50% of physical education class time must be spent in moderate to vigorous physical activity (MVPA).
- Physical education teachers are required to receive annual professional development specific to physical education/physical activity content. Professional development/continuing education in physical education/physical activity content areas shall be required to maintain/renew physical education teacher certification/licensure.
- Daily recess will be provided to all elementary school students and will have at least 20 minutes a day of supervised recess, preferably outdoors. Students will be encouraged to engage in moderate to vigorous physical activity.

Nutrition & Physical Activity Education Goals

Segue Institute for Learning aims to teach, encourage, and support healthy eating by students. Schools should provide nutrition education and engage in nutrition promotion that:

- is offered at each grade level as part of a sequential, comprehensive, standards-based program designed to provide students with the knowledge and skills necessary to promote and protect their health;
- is part of not only health education classes, but also classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects;
- includes enjoyable, developmentally-appropriate, culturally-relevant, participatory activities, such as contests, promotions, taste testing, farm visits, and school gardens;
- promotes fruits, vegetables, whole grain products, low-fat and fat-free dairy products, healthy food preparation methods, and health-enhancing nutrition practices;
- emphasizes caloric balance between food intake and energy expenditure (physical activity/exercise);
- links with school meal programs, other school foods, and nutrition-related community services;
- teaches media literacy with an emphasis on food marketing; and
- includes training for teachers and other staff.
- offers workshops for nutritional tips and physical movement throughout the year.

Integrating Physical Activity Into the Classroom Setting

For students to receive the nationally-recommended amount of daily physical activity (*i.e.*, at least 60 minutes per day) and for students to fully embrace regular physical activity as a personal behavior, students need opportunities for physical activity beyond physical education class. Toward that end:

- classroom health education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television;
- opportunities for physical activity will be incorporated into other subject lessons; and

- classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate;
- after school programs will incorporate physical activity into their respective schedules when appropriate.

Safe Routes to School

- The Segue Institute for Learning provides staff presence during dismissal time. Necessary improvements are made to provide safe and accessible routes to school. Further ensuring safety, no student is permitted early dismissal after 2:30 P.M. When appropriate, the school will work together with local public works, public safety, and/or police departments in those efforts.

Communication with Parents

The school will support parents' efforts to provide a healthy diet and daily physical activity for their children. The school will offer healthy eating seminars for parents, send home nutrition information, post nutrition tips on school websites, and provide nutrient analyses and calorie information of school menus. Schools should encourage parents to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the above nutrition standards for individual foods and beverages. The school will provide parents a list of foods that meet the school's snack standards and ideas for healthy celebrations/parties, rewards, and fundraising activities. In addition, the school will provide opportunities for parents to share their healthy food practices with others in the school community.

The school will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support parents' efforts to provide their children with opportunities to be physically active outside of school. Such support will include sharing information about physical activity and physical education through a website, newsletter, or other take-home materials, special events, or physical education homework.

Staff Wellness

Segue Institute for Learning highly values the health and well-being of every staff member and will plan and implement activities and policies that support personal efforts by staff to maintain a healthy lifestyle. The health and wellness subcommittee should develop, promote, and oversee a multifaceted plan to promote staff health and wellness. The plan should be based on input solicited from school staff and should outline ways to encourage healthy eating, physical activity, and other elements of a healthy lifestyle among school staff. The subcommittee should distribute its plan annually.

The Segue Institute for Learning will educate students, staff and families on how they can play a strategic role in improving the health and well-being of the community.

Therefore, it is the policy of the Segue Institute for Learning that:

- The School will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing nutrition and physical activity policies.
- Family and community education in nutrition and physical activity will be provided.
- Nutrition education will involve sharing information with families and the broader community to positively impact students and the health of the community.
- Healthy foods will be provided that reflect diverse cultures, lifestyles, and preferences.
- Students will have opportunities, support, and encouragement to be physically active on a regular basis.
- Foods and beverages sold or served in the school will meet the nutritional recommendations of the U.S. Dietary Guidelines for Americans and the USDA.
- All foods and beverages made available in the school will adhere to food safety and security guidelines as required by the USDA and the Rhode Island Department of Health.
- Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish links between health education and school meal programs, and with related community services. This will be in compliance with the Rhode Island Public Law Chapter 06-231, "An Act Relating to School Committees and Superintendents on Healthier Beverages and Foods."

18. Chromebook & Technology Policy

Chromebook 1:1 Policy

The Segue Institute for Learning member schools have a 1:1 (student to device) . The district provides a Chromebook device to each student so that they have the necessary tools and resources to achieve excellence in education. Having access to technology is essential to build upon college and career readiness skills.

General Information

Receiving Your Chromebook

- ☐ Chromebooks will be assigned the first two weeks of a school year.
- ☐ Parents & students must sign and return the Student and Parent Pledge documents before the Chromebook can be assigned to their scholar.
- ☐ Students must acquire and bring to school a Chromebook case before being able to receive a Chromebook device. The Chromebook must be inside the case at all times except when in use.
- ☐ The Segue Institute for Learning will provide a Chromebook case for Chrome tablets (grades K and 1st only). All Chromebook rules apply for these cases as well.
- ☐ Students are responsible for the general care of the Chromebook that they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the school technology office for an evaluation of the equipment.

End of Year Check-in

- ☐ Chromebooks will be assessed prior to the end of the school year so that they can be checked for serviceability and stored for the summer. If a student transfers out of the Segue Institute for Learning during the school year, the Chromebook and any other peripheral devices/tools provided will be assessed at that time.

Damaged or Lost Chromebooks

- ☐ If at any point during the school year there is damage, loss, or theft of a Chromebook the student must notify a teacher, administrator, or Tech department immediately. This includes any physical damage, malfunction, or any other issue.
- ☐ Any hardware/software repairs that are not due to misuse or damage will be covered without cost, however any accidental or intentional damage to the device will incur a cost (see bottom of Chromebook & Technology Policy section for Chromebook invoice prices).
- ☐ When a repair is not possible, the student and their guardians will be charged for the full cost of replacing the device with a new one of the same or similar model.
- ☐ After two incidents of accidental damage the student may lose the privilege of being in the Chromebook 1:1 program and may be limited in their use of the device. This may also result in disciplinary action.
- ☐ After any incident of intentional damage, the student may also lose the privilege of being in the Chromebook 1:1 program or may be limited in their use of the device. The student and their guardians will be charged for the full cost of replacing the device with a new one of the same or similar model. This may also result in disciplinary action.
- ☐ If a Chromebook is lost, the student must report it to a Segue staff member immediately. After three days, an invoice for the full cost of the Chromebook will be issued to the student and their guardians. If the Chromebook is found later in the school year and it is in good condition, then the invoice will be canceled or a refund will be issued if already paid.
- ☐ All reports will be investigated and addressed on a case by case basis.

Taking Care of Your Chromebook

General Precautions

- ☐ The Chromebook is school property and therefore all users must follow this policy.
- ☐ Only use a clean, dry soft cloth to clean the screen, no cleansers of any type.
- ☐ Cords and cables must be inserted carefully into the Chromebook to prevent damage.
- ☐ Chromebooks and their cases must remain free of any writing, stickers, or labels that are not the property of the Segue Institute for Learning.
- ☐ Chromebooks should only be taken out of the Segue Institute for Learning campus when such instructions have been given by a teacher or administrator.
- ☐ Students are responsible for charging their devices at home every day.
- ☐ Do not stack any books, heavy materials, etc. on top of the Chromebooks as it could cause the device to break.
- ☐ When transporting a Chromebook, it must always be closed and carried inside its case.
- ☐ Name labels are property of the school and must not be removed or damaged.

Screen Care

- ☐ Chromebook screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on them.
- ☐ Do not lean on top of the Chromebook.
- ☐ Do not place anything near the Chromebook that could put pressure on the screen.
- ☐ Do not place anything in the carrying case that will press against the device.

- ☐ Do not carry the Chromebook by holding the screen only.
- ☐ Clean the screen with a dry, soft cloth or anti-static cloth only.
- ☐ Do not “bump” the Chromebook against lockers, walls, floors, etc. as it will eventually break the screen.
- ☐ Do not place objects inside the Chromebook and attempt to close it.
- ☐ Other than the Chromebook itself, don’t place any other object inside the case.

Using Your Chromebook at School

- ☐ Chromebooks are intended for use at school every day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, and schedules may be accessed using the Chromebook. Students must be responsible to bring their Chromebook to school and all classes, unless specifically instructed not to do so by their teacher.

Chromebook Undergoing Repair

- ☐ Replacement Chromebooks may be issued to students while Chromebooks are undergoing repair. Please note that there may be a delay in getting a Chromebook should the school not have enough to distribute.
- ☐ It might be required that students pay all standing invoices before they can take the Chromebook home.

Charging Your Chromebook’s Battery

- ☐ Students need to charge their Chromebooks at home every day.
- ☐ Repeated violations of this policy will result in disciplinary actions, phone calls, and referrals.
- ☐ Students will not be allowed to charge Chromebooks at school.

Photo Library/Screensavers/Background Photos

- ☐ Inappropriate media such as representation of weapons, pornographic materials, inappropriate language, alcohol, drugs, or gang related symbols found in the device will result in disciplinary actions and may also result in a loss of Chromebook privileges.
- ☐ Photos/videos require a large amount of storage space on Google Drive. Only photos that are for an educational purpose should be saved. All other photos/videos should be deleted.

Sound, Music, Games, and Programs

- ☐ Sound must be muted at all times unless permission is obtained from the teacher.
- ☐ Students are not allowed to download apps, music, or games that have not been approved by the school.

Managing Your Files

- ☐ Students must save their work to Google Drive. Chromebooks’ internal storage is wiped out every time it is turned off. Therefore, all work/files will be lost unless saved to Google Drive.
- ☐ It is the student’s responsibility to ensure that their work is backed up so it does not get lost if any mechanical failure or accidents occur.
- ☐ Chromebook malfunctions are not an acceptable excuse for not submitting work.

Software on Chromebooks

Originally Installed Software

- ☐ Extensions/Apps originally installed by Segue Institute for Learning must not be removed by students. Periodic checks of Chromebooks will be made to ensure that students have followed this rule.

Additional Software

- ☐ Any attempt to “jailbreak” the Chromebook or to change the configuration will result in an immediate disciplinary action.
- ☐ Any software that is deemed inappropriate for use in school or that hasn’t been approved by an administrator is not to be downloaded or installed on the Chromebooks. This includes but is not limited to, music, games, videos, images, eBooks, and apps. Such material will be removed and calls to parents and other disciplinary actions may take place.

Inspection

- ☐ The Segue Institute for Learning may inspect any equipment for any of the following: functionality, maintenance, serviceability, violations of student responsibilities or for other investigations.

Additional Responsibilities and Expectations

School/Staff Responsibilities

- ☐ Provide access to the Internet and to online course materials.
- ☐ Take the necessary steps to create a safe virtual environment.
- ☐ Provide Internet filtering and blocking of inappropriate materials as able.

Student Responsibilities

- ☐ Using computers/devices in a responsible and ethical manner.
- ☐ Obeying general school rules concerning behavior and communication that apply to technology use.
- ☐ Using all technology resources in an appropriate manner so as to not damage school equipment. Taking a proactive role to aid the Segue Institute for Learning in the protection of our computer system/device by contacting an administrator about any security problems they may encounter.
- ☐ Giving credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music, and text. This is to avoid plagiarism which is a violation of the Segue Institute for Learning Student Handbook (see 13. Plagiarism and Cheating/Academic Honesty Policy).
- ☐ Avoiding the use of hacking software, which is strictly prohibited. Violation of applicable state or federal law may result in criminal prosecution of disciplinary action by the District.
- ☐ Reporting emails or any communication containing inappropriate or abusive language or with a questionable subject.
- ☐ Monitoring all activity on their account(s).

Student Activities Strictly Prohibited

- ☐ Students are strictly prohibited from the following actions while using their Chromebook (Segue Institute for Learning reserves the right to modify this list at any time):
- ☐ Illegal installation or transmission of copyrighted materials.
- ☐ Any action that violates an applicable existing or future Board policy and any applicable laws.
- ☐ Distributing or downloading offensive, profane, threatening, pornographic, obscene, or sexually explicit materials.
- ☐ External messaging services not approved by the school.
- ☐ Changing of Chromebook settings (exceptions include personal settings such as font size, brightness, etc.)

- ☐ Spamming, or sending mass or inappropriate emails.
- ☐ Gaining access to other student's accounts, files, and/or data.
- ☐ Use of the school's Internet/email accounts for financial or commercial gain or for any illegal activity.
- ☐ Sending anonymous or misleading communications for any inappropriate purpose via any means.
- ☐ Students are not allowed to give out personal information, without the permission and supervision of their parents or a school staff member, over the Internet.
- ☐ Participation in credit card fraud, electronic forgery or other forms of illegal behavior.
- ☐ Any malicious attempt to destroy hardware, software or data, including, but not limited to, the uploading or creation of computer viruses or computer programs that can infiltrate computer systems and/or damage software components of school equipment.
- ☐ Bypassing the Segue Institute for Learning web filter.
- ☐ Streaming or recording videos or audio from the school unless authorized and under the supervision of a Segue Institute for Learning teacher for educational purposes.

Unsupervised Chromebooks

- ☐ Students will be responsible for damage or loss of unsupervised Chromebooks.

Chromebook Invoice Prices

Damaged/Lost Charger Replacement: \$20

Screen Replacement: \$50

Screen Bezel Replacement: \$25

Complete Top Cover Replacement: \$80

Tablet Screen Replacement: \$50

Miscellaneous Damage Replacement: \$20-\$120

Full Chromebook Replacement: \$225

19. District Wide Phone Policy

In August of 2025, RI Governor Dan McKee signed a bill mandating that all school districts have a policy on cellphones and other electronic devices (to include smart watches, earbuds, etc.) with the hopes of eliminating distractions during the school day. Studies consistently show that personal electronic devices take a serious toll on students' ability to focus in the classroom and their overall mental health. Phones also contribute to classroom disruption.

Educators report they are forced to compete for attention, students have trouble concentrating, and behavioral issues escalate more quickly.

Starting August 19, 2025, Segue IFL schools will not allow the use of Personal Electronic Devices, such as cell phones, smart watches, ear pods, etc. in any of our schools. **Accommodations will be made for students who require a personal electronic device for medical assistance.

To better ensure the safety and emotional well-being of all students, and to comply with state expectations, Segue IFL schools will become "cell phone free" during the school day. This includes all academic and MAGN'T classes, lunch, assemblies, transitions, hallways, bathroom, advisory or any structured school activities, including afterschool programs.

It is commonly known that cell phones, earbuds, and other personal electronic devices do not often serve a helpful academic purpose. School Faculty and teachers also have a responsibility to respond to the growing issues of cyberbullying while also fostering healthy hallways and classrooms.

We invite Segue IFL families to join our campaign to minimize the use of personal electronic devices by supporting our teachers and schools and having conversations about this process with their students at home.

Our top priority will always be providing impactful learning opportunities for our students. At Segue IFL schools, we believe part of that process includes more consistent and strict monitoring of cell phone and mobile device use.

If you have any questions or concerns, please contact your building principal or District Leadership.

Frequently Asked Questions

- *Are there any exceptions to these expectations?*

Yes. Exceptions to this procedure include students who require a personal electronic device for medical assistance or educational accommodation.

- *How can parents contact their children during school hours?*

Parents can contact the main school office where their child attends if they need to reach their children during school hours. The office staff will relay any urgent messages to the students. Students also have 1:1 educational tools (ipads or laptops) with student email addresses.

- *How will this expectation benefit students?*

These expectations aim to enhance students' focus and academic performance, reduce distractions in the classroom and encourage students to develop better social skills through face-to-face interactions.

- *What are the consequences for violating this procedure?*

Consequences for violating the "No Phone/Electronic Device" Policy:

If a phone or electronic device is visible in the building, on school grounds during the school day, or during an educational field trip, student will receive:

- 1st Offense - Verbal warning, documentation, and phone/electronic device is confiscated by staff and held in the main office until the end of day.
 - 2nd Offense - Parent/guardian will be contacted and must pick up phone/electronic devices at Legacy HS main office.
 - 3rd Offense - Phone/electronic devices will be confiscated. A meeting with student, parent/guardian and administration is scheduled to discuss the infraction and return the device to the parent/guardian. Additional consequences may also occur
- *What if a student needs their phone for educational purposes?*
 - *When and Where phones/electronic devices may be used:*

Phones/electronic devices may be used outside of the building before and after school. Upon entering the school building, phones must be turned off and stored in a lock box attached to individual lockers.

Backpacks will be placed in the cubby below the lock box in individual lockers during the school day. Students will have access to backpacks during designated transition times during the day to access essential personal and academic items (not phones or electronic devices.)

**** Segue Institute for Learning district or its member schools are not responsible for any lost, stolen, damaged, or otherwise altered personal electronic devices.**
